METHOD OF DETERMINING PRECEDENCE BETWEEN REGULAR AND RESERVE COMMISSIONED AND WARRANT OFFICERS ON ACTIVE DUTY

All dates shown in this list are dates of rank in grade.

(a) Officers appointed in the Coast Guard Reserve will be considered as having been mobilized on the date reported for active duty other than training duty. The date of precedence is determined in the following manner. A Reserve officer receives his commission and executes his oath of office, giving him rank from 1 November, 1942. This officer reports for active duty other than training duty on 15 November 1942. Therefore, on 15 November 1942, he has had fourteen days' service in grade, one-half of this service is seven days, his precedence date would be seven days before 15 November 1942, which is 8 November 1942.

Example: 42—11—15—reporting date

42—11— 1—date of rank

$$\begin{array}{r} 2 \overline{) 14} \\ 7 \end{array}$$

$$\begin{array}{r} 42-11-15 \\ 7 \end{array}$$

42—11— 8—date of precedence

He takes precedence next after the junior officer of the same rank in the regular Coast Guard whose date of rank is 8 November 1942; if there be no regular Coast Guard officer with that date of rank, the Reserve officer takes precedence next after the junior officer of the regular Coast Guard of the next earlier date of rank or the senior officer on the regular Coast Guard of the next later date of rank, dependent upon which of such two regular officers has the date of rank nearer 8 November 1942. This, however, is not to be construed to assign a Reserve officer precedence next after an officer of the regular service who may be appointed to the rank concerned as of a date subsequent to that upon which the Reserve officer reports for active duty.

(b) Reserve officers on active duty who are promoted to a higher grade or rank will take precedence with officers of the regular Coast Guard of corresponding grade or rank having the same date of rank and in the same relative order of precedence held prior to advancement.

Signal numbers are effective 1 July 1944.
